Course Title: VOCATIONAL SKILLS—VIDEO/BROADCAST II	**Course Description**
Course No. 4825 **Grade level**: 9-12 **Text and Resources**: 1. Staff with expertise in the Broadcast industry 2. Production studio and studio cameras 3. All necessary studio equipment	**Course Value**: *One Semester **Credit Value**: 1 - 5 *Prerequisite: Video/Broadcast I
Course Content: Key Content Standards and Course Objectives	
1. Students will create a storyboard and complete a public service announcement that has been edited with music. 2. Students will develop skills in the various positions required to produce a video broadcast. 3. Students will serve on at least one "Possibilities" crew. 4. Students will demonstrate the ability to do digital editing. 5. Students will participate in "on location" shoots. 6. Students will attend a live broadcast at a local television station.	This course will serve as a continuum of the skills and knowledge learned in Level I. Students will develop a deeper understanding of the video broadcast industry and will have more opportunities to fully develop their technical skills through their participation in the "Possibilities" Program production crew. Students will train and serve in various capacities such as director, camera operator, switcher, and audio technician. They will learn editing skills such as digitizing, cutting/pasting clips, adding transitions, importing music, creating stills and exporting completed projects to VHS format. *Open entry/open exit
Methods of Study	**Evaluation of Performance Standards**
1. Students will receive hands-on training in the operation of television broadcast equipment by KETN Television staff. 2. Students, with instructor coaching, will work cooperatively to generate and record a live television broadcast.	1. The supervising teacher will be satisfied with the quality of the student's work. 2. The student will fully participate in the production of the "Possibilities" video each broadcast session, as evaluated by the supervising teacher.
