Course Title: VOCATIONAL SKILLS—VIDEO/BROADCAST III	**Course Description**
Course No. 4826 **Grade level**: 9-12 **Text and Resources**: 1. Staff with expertise in the Broadcast industry 2. Production studio and studio cameras 3. All necessary studio equipment	**Course Value**: *One Semester **Credit Value**: 1 - 5 *Prerequisite: Video/Broadcast I, II
Course Content: Key Content Standards and Course Objectives	
1. Students will complete 25 hours of internship placement in the television industry. 2. Students will complete a 10-22 minute video project that has been shot, edited, with added music and exported in VHS format. 3. Students will submit their video project for a film festival. 4. Students will have completed and edited two public service announcements. 5. Students will serve as crewmembers of "Possibilities." 6. Students will have documented at least 3 hours of supervised training with a broadcast engineer.	This course will serve as the culmination of a three-part continuum in the video/broadcast curriculum. Students will complete an internship placement in the field of television. They will be required to complete a personal video project and two public service announcements that demonstrate skill in all facets of the editing process. Upon successful completion of this course, students should be competent to obtain gainful employment in the video/broadcast industry. *Open entry/open exit
Methods of Study	**Evaluation of Performance Standards**
1. Students will receive hands-on training in the operation of television broadcast equipment by KETN Television staff. 2. Students, with instructor coaching, will work cooperatively to generate and record a live television broadcast. 3. Students will produce and edit a video project, as assigned by the instructor.	1. The supervising teacher will be satisfied with the quality of the student's work. 2. The student will fully participate in the production of the "Possibilities" video each broadcast session, as evaluated by the supervising teacher.
